

SATFOAM CL

Chlorinated Foam Cleaning Agent

Effective, high-quality, safe
cleaning products for professional,
janitorial and industrial use

SATFOAM CL is liquid alkaline chlorinated foam cleaner developed for daily use in the Food and Beverage Industries. The product is a perfect blend of potassium hydroxide, high foaming surfactants and hypochlorite.

- The presence of surfactants offers an improved sanitizing action and potassium hydroxide provides a strong detergent effect.
- It is very effective for use on a wide variety of applications ranging from effective removal and prevention of food soiling, scale deposits and oil stains.

BENEFITS:

- Strong detergent effect along with enhanced sanitizing action.
- Effective removal and prevention of sticky deposits like beerstone, milkstone; scale deposits resulting from water hardness.
- Removal of stains arising from heavy food soiling including animal, vegetable fats and prevents buildup of protein film deposits.
- Chlorine presence assists prevention of microbial growth.

USAGE INSTRUCTION

- Use at concentrations between 2-10% v/v depending on the type and degree of contamination.
- Recommended for daily cleaning applications of processing area and processing equipments in Food and Beverage Industries.
- It is suitable for use with wide range of foam application equipments.

FORMULATION

Potassium Hydroxide	10-15%
Hypochlorite	< 5%
Anionic surfactants	< 5%
Silicates	< 2%

SPECIFICATION

Form	: Clear Liquid
Appearance	: Light Yellowish
Odour	: Chlorine Like
Specific gravity	: $1.1 \pm 0.05 \text{g/cm}^3$
Solubility	: 100% water soluble
pH	: 12 ± 0.5 in 1% solution 12.5 ± 0.5 in Concentrate Form

PACKAGING :
50 kg HDPE
drums
