

SATOBASE FL

Alkaline Foamless Cleaner

Effective, high-quality, safe cleaning products for professional, janitorial and industrial use

SATOBASE FL is liquid alkaline foamless cleaner developed for daily use in the Food Processing Industries, especially at Milk Collection & Processing Units and Sea Food Processing Industries. The product is a perfect blend of Non Foaming Surfactants and Sodium Hypochlorite.

- The presence of surfactants offer wetting action and potassium hydroxide provides a strong detergent & descaling effect.
- It is very effective for use in daily cleaning applications of Milk Collection and Processing Equipments like milking machines, bulk milk coolers etc and removal of fish fats in Sea Food Processing.

BENEFITS:

- Strong detergent effect along with enhanced descaling effect.
- Effective removal and prevention of sticky deposits like biofilms, milkstone, scale deposits resulting from water hardness.
- Removal of stains arising from heavy food soiling including animal, vegetable fats and prevents buildup of protein film deposits.
- Chlorine presence assists prevention of microbial growth.

USAGE INSTRUCTION

- Use at concentrations between 1-3.0% depending on the type and degree of contamination.
- Take the hot water and add alkaline detergent SATOBASE FL as per recommended concentrations. Maintain the temperature above 60°C and circulate the solution for 10-15 minutes.

FORMULATION

Sodium Hypochlorite	<45%
Sodium Hydroxide	<5%

SPECIFICATION

Form	: Clear Liquid
Appearance	: Light Yellowish
Odour	: Chlorine Like
Specific Gravity	: 1.1±0.1g/cm ³
Solubility	: 100% water soluble
pH	: 11.6±0.5 in 1% solution 12.7±0.5 in Concentrate Form

PACKAGING :
20 kg HDPE drums

CORPORATE OFFICE :

102, First floor, Shreemad Gokul,
