

SATOL - GC

Manual Cleaning at Dairy

Effective, high-quality, safe cleaning products for professional, janitorial and industrial use

Satol - GC has been developed for the current requirement of general cleaning & sanitation for cold application area in the food & beverage and dairy industries in India. Satol - GC can be applied as a high foaming surfactant used for crates, cans, floor, trays etc. It is an eco-friendly product and has no irritation on human skin.

- SATOL - GC is a combination of highly concentrated cleaner with high foaming surfactant, which reduces the surface tension and cationic-based disinfectant for quick sanitation, so it works as a cleaner as well as a disinfectant.
- SATOL - GC is safe on various surfaces like: stainless steel, Aluminium, plastic, rubber, fiberglass and all materials utilized in food and dairy industries.

BENEFITS:

- Reduces SPC and coli forms.
- Reduces scaling.
- Avoids need of another disinfectant.
- Removes grease & oil stains easily.
- Reduces scaling effect due to Ca & Mg.
- Removes odd odors developed due to micro growth.
- Non-Toxic.

SPECIFICATION

Form	: Clear Liquid
Appearance	: Off White to Milky
Odour	: Odourless
